

Greetings!

While Thanksgiving is more than 5 months away, we are already underway with planning this year's Grateful Gobbler Walk. Over the past two years, the number of churches and faith-based organizations who have participated in the Grateful Gobbler have grown significantly. Last year, your church was one of 20 churches that created a team and we are praying that you will register a team again this year and we are also praying that we can double the number of church/faith-based teams. Here are three ways you can help us to achieve our goals:

1. Save the Date, Promote to your members, and register your Team (Registration is now open)
2. Encourage other churches to register a team
3. Pray for the success of the Grateful Gobbler and for the families temporarily living at the Maclellan Shelter for Families

As you may recall, 100% of the proceeds of the Walk will benefit The Maclellan Shelter for Families located onsite at the Community Kitchen on 11th Street in Chattanooga. This emergency shelter is the first of its kind in Chattanooga, as it provides a stable environment for an intact family to remain together as they search for permanent housing solutions.

Since its opening in December 2014, more than 150 families, comprised of approximately 500 men, women, and children, have benefited from the programs including meals, case management, and job training provided by the Maclellan Shelter for Families. With your prayers and support, a place has been prepared for homeless families in the Greater Chattanooga Area.... at the Maclellan Shelter for Families. Join us in keeping families together through difficult times by registering for the 2016 Grateful Gobbler.

In partnership,

Eduardo Centurion - Project Manager
